Call to schedule your complimentary Initial office on-site review!

**Yours in Health
Dr. Chapple**

Chiropractic Saves Cost and Lives!

Chiropractic Benefits HealthCare Plans:

“Healthcare plans that formally incorporate chiropractic typically realize a 2:1 return for every dollar spent.”

Work Injury Surgery Reduced by Chiropractic:

“Following work-related low back injury, patients **who visited a chiropractor were nearly 30 times less likely to require surgery** as compared to those who chose a surgeon as their first provider (42.7 vs. 1.5%).”

Care Initiated by Chiropractic Saves:

“Low back pain care initiated with a **doctor of chiropractic (DC)** saves **40 percent on health care costs** when compared with care initiated through a medical doctor (MD).”

Chiropractic Care Saves Medicare Millions:

AVAILABILITY IS KEY “For Medicare patients with back and/or neck pain, availability of chiropractic care reduces the number of primary care physician visits, resulting in an annual savings of \$83.5 million.”

Chiropractic Significantly Lowers Cost & Use of Opioids: Saving Lives

“The rate of opioid use was lower for recipients of chiropractic services (19%) as compared to non-recipients (35%). The likelihood of filling a prescription for **opioids was 55% lower in the chiropractic recipient** cohort. Average annual per-person charges for opioid prescription fills were 78% lower for recipients of chiropractic services as compared to non-recipients. Average per person charges for clinical services for low back pain were also significantly lower for recipients of chiropractic services. (Avg. \$1513 for chiropractic management vs. \$6766 for medical management)”

YOU DESERVE BETTER HEALTH...YOU DESERVE CHIROPRACTIC!

Dr. Charles W. Chapple completed his undergraduate studies at Nazareth College of Rochester, NY receiving a Bachelor degree in Biology before earning his Doctorate degree in Chiropractic from National College of Chiropractic in 1991. “I take a genuine interest in my patient’s care. Our office focuses on the total health of the individual, not just the integrity of the spine. In addition to chiropractic care we offer our patients nutritional counseling, physio therapy, sports and spinal rehab wellness and other alternative health care techniques that enable them to improve their health and that of their family naturally.” Constantly striving to give his patients the most up-to-date care possible, Dr. Chapple holds many post-graduate certifications in areas such as chiropractic pediatrics (Fellowship in International Chiropractic Pediatric Association), acupuncture, applied kinesiology and spinal rehabilitation.
