Program description:

This 105 Hour Acupuncture Certification course teaches history, philosophy and theories. The seven session course is designed to prepare the attendee to successfully take and pass any required examinations for licensure. The sessions include the history, philosophy, theories, practical workshops all directed at achieving clinical and academic proficiency in the practice of acupuncture.

Program Goals / Objectives:

Completion of this course will prepare the student for the acupuncture specialty exam through NBCE. The information presented will also prepare each student to evaluate and incorporate acupuncture principles and procedures into daily practice.
