

Dear Patients,

It has been a pleasure and my life's purpose to provide quality chiropractic care for our chiropractic family over the past 38 years. I want to thank all of you for allowing us to participate in your healthcare. Unfortunately, my shoulder injury several years ago prevented me from continuing to perform chiropractic manipulations. I have attempted to operate the practice but it hasn't worked out as expected.

I have selected a trusted chiropractor, Dr. Don McKinley, who is in network with all of the same insurance carriers as our office. He is experienced with over 30 years of patient care, his office is modern, and he has a great support staff. Much like our office, he offers rehabilitation, manual and instrument manipulations.

Your records will be transferred to his office should you ever need them. Of course, if you would prefer that we send them somewhere else, let us know. We will be in the office until December 31st. After December 31st, Dr. McKinley's office can transfer your records anywhere you wish.
