

## PAYMENT POLICY AND DISCOUNTED RATES

We are a cash based practice and payments are due at time of service. We are “Out of Network” providers for most insurance plans. We bill traditional Medicare (part B) with an assignment of benefits for any allowed charges. If requested, we can give Superbills to our patients to submit for insurance consideration. Certain restrictions may apply for chiropractic services with their insurance plans. We do not guarantee insurance reimbursement since different insurance plans may not cover our services.

### Usual and Customary Rates

Our Usual & Customary office rates are charged to a patient unless a patient is a member of “Patient Options” cash discount plan.

### “Patient Options” Cash Discounted Rates

A Patient Option membership is NOT an insurance plan. It is a legal cash discount plan and there are no membership fees to join. There are no automatic renewal charges. Patients have the opportunity to join in our office for FREE. Members can get significant, all-inclusive discounted rates as shown below when they pay for their chiropractic office visit at the time of service.
