Dental Cleaning Drop-Off and Pre-Anesthetic Lab Consent From

Date:
Owner:

Patient Name:

◆<animal> is scheduled for a dental cleaning today. In order for us to provide exceptional care for <animal>, it is very important that the doctor be able to reach you during the day, especially if there are questions concerning the surgical procedure(s). **By providing the number(s) below, you are ensuring that you can be reached to allow the best possible care for <animal>.**

Primary Contact: _____ Phone#: _____

Secondary Contact (optional): _____ Phone#: _____

Will someone else be picking your pet(s) up? If so, please specify: _____

Was <animal> given food or water today? Yes _____ No _____

Was <animal> given any medications today: Yes _____ No _____
If yes, please list medications: _____

Under most circumstances it is not possible to fully assess the extent of dental disease in an awake animal. A full oral examination and x-rays are only possible after the animal has been anesthetized. As a result, we often find unexpected extractions or other problems only after the procedure has begun. Please choose how you would like us to handle unexpected dental work if you cannot be reached:

- I DO authorize** the veterinarian to perform any additional dental procedures and will be responsible for the cost of those procedures.
- I DO NOT authorize** any additional dental procedures without being contacted first. **(If we are unable to reach you we will not perform recommended treatments)**

Like you, our greatest concern is the well-being of <animal>. Before putting <animal> under anesthesia, we will perform a full physical examination. However, many conditions including disorders of the liver, kidneys, or blood are not detected unless blood testing is performed. Such tests are especially important before any kind of surgery. For these reasons, we highly recommend blood screening before such procedures. **The total cost of these important tests is \$120.00.**

- YES, I want my pet to have a pre-anesthesia blood screen.
- NO, I do not want my pet to have a pre-anesthesia blood screen.

Signed: _____
